Hi Mark,

I sent the 9/17/14 version of the schedule to RD in a meeting follow-up email on 10/1/14. You were CCed on that email but I can forward it separately if you want.

Also, I thought that Jim might have forwarded the 9/17 schedule to RD after the 9/18/14 email. I think part of the reason Jim asked for the most recent schedule was that RD had asked him about it. That was my impression, but it's possible that wasn't the case.

## Deliberative

I cannot see that we ever forwarded this to RD. Can you check and see if ERB1 ever sent this along?

I am going to have a short conversation with Dan this afternoon about yesterday's meeting and would like to get the timing of the schedule changes right

thanks

Hi Jim,

# Deliberative

Please let me know if you have any questions or comments. I've also CCed the 2,4-D and

dicamba EFED chemical teams and several folks in RD.

Thanks,

Monica Wait
